Tuesday 19th July 2011

Value Life is Gladesmore Community School's active citizenship community campaign which focuses on gun and knife crime prevention and the value of education. The campaign is a student lead initiative and has been in existence for the past seven years.

This year Value Life will have two main strands. The first will be the 'Value Life Installation Tour' and the second will be the 'Value Life Community Concert'.

Value Life Installation Tour

A large installation has been created for Value Life VIII to tour schools in London spreading the anti gun and knife crime message. The magnificent **LIFE** installation is based on the New York **LOVE** sculpture by American artist Robert Indiana. The installation represents dreams, aspirations and the celebration of life and will be unveiled at City Hall, the home of the Greater London Authority in the presence of the Major of London (tbc). The installation will then travel back to Gladesmore Community School for the 'Value Life Community Concert'.

Value Life Community Concert

An open-air concert held at Gladesmore Community School for 1000 participants to celebrate life. The Community Concert will be host to various outside agencies and organisations who work at positively engaging young people. There will also be food and merchandise stalls for students to enjoy. The concert will be headlined by a chart topping act.
